

## WELCOME

For 48 years now, manufacturing and design has been the passion that has inspired us all at Elstead Lighting. Our origins date back to 1686, but our vision is definitely 2020.

This new catalogue presents more than 2500 lighting fittings, all of which we believe are worthy of carrying the Elstead name.

The 2015 collection includes more than 500 new models, designed to innovate, inspire and excite. From exceptional outdoor lanterns, to stunning chandeliers and pendants, our love of bringing great lighting to the showrooms and homes of our clients, is what drives us every day. Our constant focus on quality and functionality is ever present too as we strive to push the bar of reliable quality and ease of installation higher and higher.

As an operation we now sell our products to a truly worldwide audience, lighting beautiful homes, hotel bedrooms and public areas, coffee bars and restaurants in more than 60 countries. We now have our own sales distribution operations in 3 countries, managing more than 17,000 square metres, (185,000 square feet) of warehousing and production space and a team of more than 100 committed staff.

Today we see more opportunity for manufacturing, more desire for design and more passion for innovation. This is why we are so passionate about this business and why we are so inspired to share it with you.

DESIGN,  
INNOVATION,  
INSPIRATION.

We share the passion and love of great design with all of our customers, and wherever we are in the world, we find the same reaction and enthusiasm to great design. Often from historical influence, vintage and retro, regularly with style and flair, and always with attention to detail and quality, it is with these elements that products are crafted and created. Whether it is from an Elizabethan English country manor, a Venetian terraced villa or a 1920's Parisian town house, from original fittings, architectural features to sculptures and metalwork, we find influence from all around us.

# PARTNERSHIP

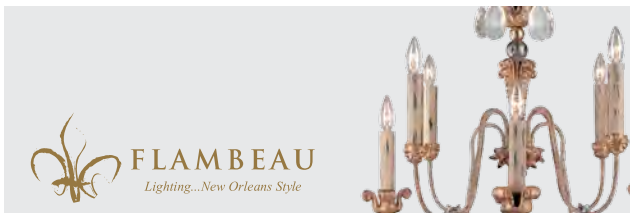

We share the passion for design with our international partners who also put the same heart and soul to create and bring light fittings to excite and inspire. They too employ great energy and commitment to bring truly original design to their customers. For the America-based companies, Elstead Lighting is a strategic partner in manufacturing and distributing many of their products to a 220v – 240v clientele. For Norlys, our Scandinavian partner, Elstead Lighting exclusively distributes high quality exterior lighting to the UK and Ireland market.

Based in Charleston, South Carolina, Quoizel was founded in 1930 and has since built a reputation for its diverse and unique product range, often engaging well known freelance designers to help with bringing fresh styles to the marketplace. This catalogue sees the introduction of the Quoizel Tiffany Collectibles range, inspired by the great originator Louis Comfort Tiffany.

Established 1955 in New York; Feiss are renowned for their classic styling and quality feel, great original designs and as part of a group of lighting companies which are now one of the biggest in the US market, great R & D resources for future product developments.

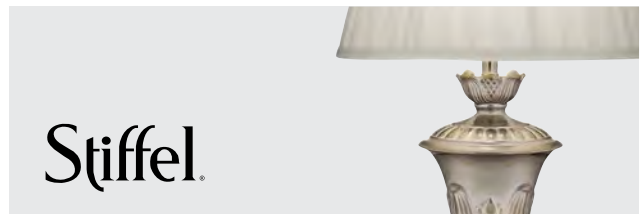

Hailing from Baton Rouge, New Orleans; Flambeau offers one of the most unique and distinctive lighting collections in the marketplace. Working with specialist designers who model up their own original creations using distress finishes of gold and silver leaf to create 21st century antiques. The Flambeau Collection brings to the market a style and look unrivalled in today's lighting industry.

Founded in 1922 and based in Cleveland, Ohio; Hinkley are on their 4th generation family ownership. The Hinkley collection has both a classic and contemporary feel to the product ranges, many represent what is classed as "transitional" styling, and are always made to the highest quality and design.

Cleveland, Ohio based and founded in 1938, L D Kichler & Co are a family run company held in high regard by their customers for the diversity of design and breadth of range, which includes some truly striking and often substantial pieces.

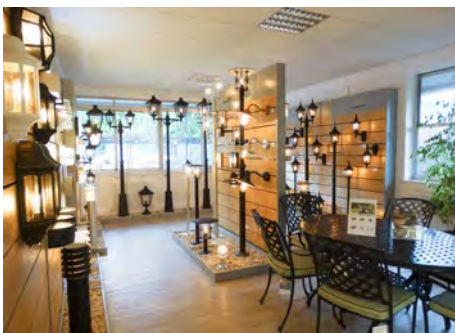

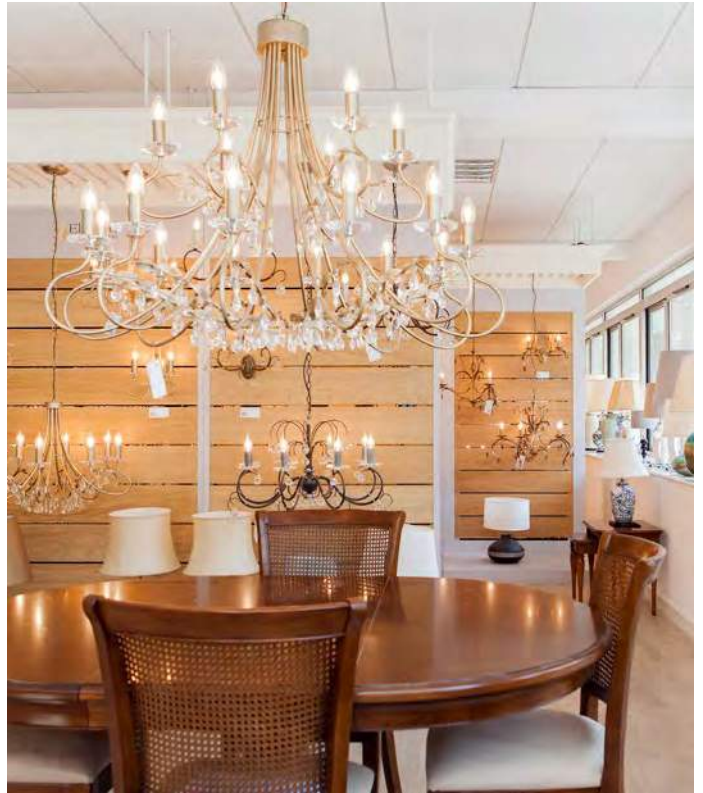

A beautiful collection of classical and art deco table lamps and floor lamps. Manufactured in New Jersey, these quality products are zinc cast bases with beautiful finishes and handmade shades all made in the USA.

Norlys is a Scandinavian company that manufactures in Poland. Elstead have distributed Norlys fittings in the UK market since 2000 and after several requests we have decided to integrate these products into our master catalogue. This high quality exterior lighting collection goes through a 9 stage pre-painting treatment and offer a 15 year anti corrosion warranty on all aluminium, galvanised and painted steel fittings.

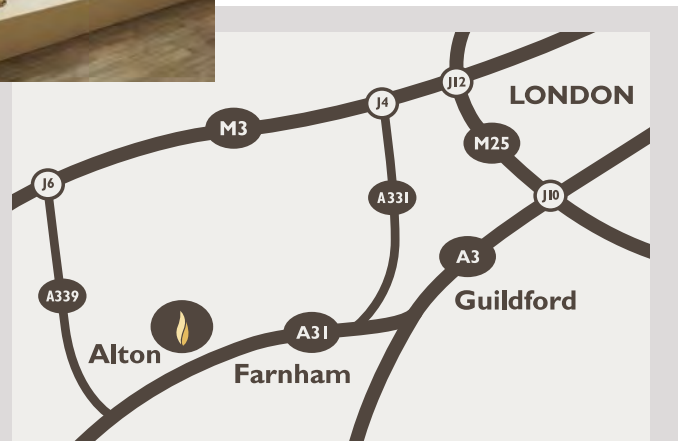

We regularly welcome visitors from around the world to our UK headquarters and showroom. Visits can include an Elstead factory tour and when requested, staff training days too.

- 915m<sup>2</sup> trade showroom
- Over 2,000 decorative interior & exterior lighting models on display
- Under an hour's drive from London
- Regular trains from London Waterloo
- Easy access from London Heathrow & London Gatwick airports
